Absolutely, Stephanie. Please include a link back to the original PDF article and a clearly visible link to our main site: www.connectsafely.org. Also, please send us an email with a link to the tips when they're on your site. Thanks so much,

Maureen

Subject: Permission to Print/repost handouts

To Whom it May Concern:

I am currently updating our District's cyber safety website- [San Antonio ISD Be Cyber Safe!](#) and came across your handouts. I was hoping to receive written permission to provide links to the PDF for my teachers and parents. I would download the handout and then link them to our site as well as providing a link to your site.
